- Treatment Team Meeting

This is part of a note from the weekly Treatment Team Meeting. Every Tuesday, all providers

Visit History meet and discuss patients. Patients are selected in advance, by a provider for a specific reason. The Team discuss the issues and determines the best Plan for the patient.

10/02/12 - Treatment Team Meeting

Reason for Team Discussion

Referred to Meg by a psychologist. patient sent to our Social Worker from an outside provider

Aunt reported there may be extremely high functioning autism in family.

Meg did not see autistic behavior. [Edward M. Gotlieb, MD]

Treatment Team Notes

Meg did not witness the tantrum behavior that was reported.

Speech is very garbled

[Edward M. Gotlieb, MD] after discussion, MD & Social Worker agree speech is garbled

Plan

Awaiting psych report.

May refer to Marcus Institute. Team agrees about a possible referral

Look for a therapeutic story involving animals to be read to him before going to bed. [Edward M. Gotlieb, MD]

Visit History Index

Example of planning for patient care.

5 yrs, 8 mos 1/19/07 F

Counseling: (Kathleen, Meg, Other) Provider is requesting one of our counselors to evaluate this patient.

Evaluate for ADHD and possible Dyslexia. Gave Vanderbuilts, and Mom will call you. Also gave W/J [laura]
